## Acknowledgment of Electronic Distribution of Student Handbook

My child and I have been offered the option to receive a paper copy of or to electronically access at [\\_www.sidney.esc14.net](http://www.sidney.esc14.net) the Sidney ISD Student Handbook [and the Student Code of Conduct] for 2017-2018

I have chosen to:

- Receive a paper copy of the Student Handbook [and the Student Code of Conduct].
- Accept responsibility for accessing the Student Handbook [and the Student Code of Conduct] by visiting the Web address listed above.

I understand that the handbook contains information that my child and I may need during the school year and that all students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in the Student Code of Conduct. If I have any questions regarding this handbook [or the Code], I should direct those questions to the principal at Sidney ISD .

## **Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information**

State law requires the district to give you the following information:

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want SIDNEY ISD to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing *within ten school days of child's first day of instruction for this school year*.

This means that the district must give certain personal information (called "directory information") about your child to any person who requests it, unless you have told the district in writing not to do so. In addition, you have the right to tell the district that it may, or may not, use certain personal information about your child for specific school-sponsored purposes. The district is providing you this form so you can communicate your wishes about these issues.

For the following school-sponsored purposes: SIDNEY ISD has designated the following information as directory information:

- *Student's name*
- *Address*
- *Telephone listing*
- *E-mail address*
- *Photograph*
- *Date and place of birth*
- *Major field of study*
- *Degrees, honors, and awards received*
- *Dates of attendance*
- *Grade level*
- *Most recent school previously attended*
- *Participation in officially recognized activities and sports*
- *Weight and height, if a member of an athletic team*
- *Enrollment status*
- *Student identification numbers or identifiers that cannot be used alone to gain access to electronic education records*

Directory information identified only for limited school-sponsored purposes remains otherwise confidential and will not be released to the public without the consent of the parent or eligible student.

**Parent: Please circle one of the choices below:**

I, parent of \_\_\_\_\_ (student's name), **(do give)** **(do not give)** the district permission to use the information in the above list for the specified school-sponsored purposes.

For all other purposes, **[SIDNEY ISD]** has designated the following information as directory information:

- *Student's name*
- *Address*

- Telephone listing
- E-mail address
- Photograph
- Date and place of birth
- Major field of study
- Degrees, honors, and awards received
- Dates of attendance
- Grade level
- Most recent school previously attended
- Participation in officially recognized activities and sports
- Weight and height, if a member of an athletic team
- Enrollment status
- Student identification numbers or identifiers that cannot be used alone to gain access to electronic education records

**Parent: Please circle one of the choices below:**

I, parent of \_\_\_\_\_ (student's name), **(do give) (do not give)** the district permission to release the information in this list in response to a request unrelated to school-sponsored purposes.

Parent signature \_\_\_\_\_ Date \_\_\_\_\_

**Parent's Response Regarding Release of Student Information to  
Military Recruiters and Institutions of Higher Education**

Federal law requires that the district release to military recruiters and institutions of higher education, upon request, the name, address, and phone number of secondary school students enrolled in the district, unless the parent or eligible student directs the district not to release information to these types of requestors without prior written consent.

**Parent:** Please complete the following only if you do not want your child's information released to a military recruiter or an institution of higher education without your prior consent.

I, parent of \_\_\_\_\_ (student's name), request that the district **not** release my child's name, address, and telephone number to a military recruiter or institutions of higher education upon their request without my prior written consent.

## Consent/Opt-Out Form

Dear Parent:

The district is required by federal law to notify you and obtain your consent for or denial of (opt-out) your child's participation in certain school activities. The activities include any student survey, analysis, or evaluation, known as "protected information survey" that concerns one or more of the following eight areas:

1. Political affiliations or beliefs of the student or student's parents;
2. Mental or psychological problems of the student or student's family;
3. Sexual behavior or attitudes;
4. Illegal, antisocial, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom the student has a close family relationship;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility or to receive financial assistance under such a program.

This notice and consent/opt-out requirement also applies to the collection, disclosure, or use of student information for marketing purposes ("marketing surveys"), and to certain physical exams and screenings.

Following are activities requiring parental notice and consent or opt-out for the 2015-16 school year. Please note that this notice and authority to consent transfer from the parent to the student when the student reaches 18 or is an emancipated minor under state law.

"You must sign and return this consent form no later than SEPTEMBER 18<sup>TH</sup>, if you **DO NOT** permit your child to participate in this survey."

## PREFACE

To Students and Parents:

Welcome to school year 2017-2018. Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The SIDNEY ISD Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into two sections:

**Section I—PARENTAL RIGHTS AND RESPONSIBILITIES**—with information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

**Section II—OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS**—organized alphabetically by topic for quick access when searching for information on a specific issue.

Please be aware that the term “the student’s parent” is used to refer to the parent, legal guardian, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the SIDNEY ISD Student Code of Conduct, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found in central office at Sidney ISD or on website at [www.sidney.esc14.net](http://www.sidney.esc14.net).

The Student Handbook is designed to be in harmony with board policy and the Student Code of Conduct. Please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications.

In case of conflict between board policy (including the Student Code of Conduct) and any provisions of the Student Handbook, the current provisions of board policy and the Student Code of Conduct are to be followed.

After reading through the entire handbook with your child, keep it as a reference during this school year. If you or your child has questions about any of the material in this handbook, please contact the administration.

Also, please complete and return to your child’s campus the following required forms **[included in this handbook or provided in the forms packet accompanying this handbook]**:

1. Parental Acknowledgment Form;
2. Student Directory Information and Release of Student Information Form;
3. Release of Information to Military Recruiters and Institutions of Higher Education Form; and
4. Consent/Opt-Out Form.

Please note that references to policy codes are included so that parents can refer to current board policy. A copy of the district’s policy manual is available for review in the school office.

## **SECTION I: PARENTAL RIGHTS AND RESPONSIBILITIES**

This section of the SIDNEY ISD Student Handbook includes information on topics of particular interest to you as a parent.

### **PARENTAL INVOLVEMENT**

#### **Working Together**

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements of the graduation programs with your child once your child begins enrolling in courses that earn high school credit.
- Monitoring your child's academic progress and contacting teachers as needed. Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office at 254-842-5500 for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school.
- Becoming a school volunteer
- Participating in campus parent organizations. Parent organizations include: PARENT TEACHERS CLUB (PTC) , LOCAL LIONS CLUB, FFA BOOSTERS CLUB.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement.
- Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction. [See policies at BDF, EHAA, FFA, and information in this handbook at **School Health Advisory Council**
- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

### **TITLE I PROGRAM**

The Title I program is a federally funded program for schools with a high percentage of Socio-Economically Disadvantage students. Sidney ISD qualifies and participates in this funded

program. Some important Compliance dates for the upcoming school year concerning the Title I program are as follows:

**August 10**-Date when parents are informed of their right to request information on the qualifications of their child's teacher.

**August 10**-Date to discuss parent's involvement of their school's Title I program, to explain program requirements and to inform parent's rights to be involved.

### **Parent Involvement Coordinator**

The Parent Involvement Coordinator, who works with parents of students participating in Title I programs is James Rucker and may be contacted at SIDNEY ISD.

## **PARENTAL RIGHTS**

### **Obtaining Information and Protecting Student Rights**

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student's parent.
- Mental or psychological problems of the student or the student's family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF(LEGAL).]

### **“Opting Out” of Surveys and Activities**

As a parent, you have a right to receive notice of and deny permission for your child's participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing or selling that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect

the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

### **Inspecting Surveys**

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

### **Requesting Professional Qualifications of Teachers and Staff**

You may request information regarding the professional qualifications of your child's teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

### **Reviewing Instructional Materials**

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

[Also see **Removing a Student from Human Sexuality Instruction**]

### **Displaying a Student's Artwork and Projects**

Teachers may display students' work in classrooms or elsewhere on campus as recognition of student achievement. However, the district will seek parental consent before displaying students' artwork, special projects, photographs taken by students, and the like on the district's Web site, in printed material, by video, or by any other method of mass communication.

### **Accessing Student Records**

You may review your child's student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and counselor evaluations,

- Reports of behavioral patterns, and
- State assessment instruments that have been administered to your child.

[See **Student Records** ]

### **Granting Permission to Video or Audio Record a Student**

As a parent, you may grant or deny any written request from the district to make a video or voice recording of your child. State law, however, permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a co-curricular or extracurricular activity; or
- When it relates to media coverage of the school.

### **Granting Permission to Receive Parenting and Paternity Awareness Instruction**

As a parent, if your child is under the age of 14, you must grant permission for your child to receive instruction in the district's parenting and paternity awareness program or your child will not be allowed to participate in the instruction. This program, developed by the Office of the Texas Attorney General and the State Board of Education (SBOE), is incorporated into the district's health education classes.

### **Removing a Student Temporarily from the Classroom**

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.

### **Removing a Student from Human Sexuality Instruction**

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus or acquired immune deficiency syndrome must:

- Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and

- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

**In accordance with state law, below is a summary of the district’s curriculum regarding human sexuality instruction:**

***The concept of abstinence is taught throughout the curriculum along with the study of STDs and teen pregnancy and its effects on the family structure.***

As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of this instruction with no academic, disciplinary, or other penalties. You may also choose to become more involved with the development of curriculum used for this purpose by becoming a member of the district’s SHAC. Please see the campus principal for additional information.

### **Excusing a Student from Reciting the Pledges to the U.S. and Texas Flags**

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows. [See **Pledges of Allegiance and a Minute of Silence**]

### **Excusing a Student from Reciting a Portion of the Declaration of Independence**

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity. [See policy EHBK(LEGAL).]

### **Requesting Limited or No Contact with a Student through Electronic Media**

Teachers and other approved employees are permitted by the district to communicate with students through the use of electronic media within the scope of the individual’s professional responsibilities. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

An employee described above may also contact a student individually through electronic media to communicate about items such as homework or upcoming tests.

If you prefer that your child **not** receive any one-to-one electronic communications from a district employee, please submit a written request to the campus principal stating this preference.

### **Requesting Notices of Certain Student Misconduct**

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child’s

misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]

### **School Safety Transfers**

As a parent, you have a right:

- To request the transfer of your child to another classroom or campus if your child has been determined by the [board or its designee] to have been a victim of bullying as the term is defined by Education Code 25.0341. Transportation is not provided for a transfer to another campus. See the [superintendent or designee] for information. [See policy FDB.]  
[See **Bullying**, and policy FFI(LOCAL).]
- To request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDE(LOCAL).]
- To request the transfer of your child to another campus [or a neighboring district] if your child has been the victim of a sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. [See policy FDE.]

### **Requesting Classroom Assignment for Multiple Birth Siblings**

As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade and campus, you may request that they be placed either in the same classroom or in separate classrooms. Your written request must be submitted no later than the 14th day after the enrollment of your children. [See policy FDB(LEGAL).]

### **Parents of Students with Disabilities**

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. [See policy FDB(LOCAL).]

### ***Request for the Use of a Service Animal***

A parent of a student who uses a service animal because of the student's disability must submit a request in writing to the principal at least ten district business days before bringing the service animal on campus.

### ***Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education Services***

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students including a process based on Response to Intervention. The

implementation of Response to Intervention has the potential to have a positive impact on the ability of school districts to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If the evaluation is needed, the parent will be notified and asked to provide informed written consent for the evaluation. The district must complete the evaluation and the report within 60 calendar days of the date the district receives the written consent. The district must give a copy of the report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parent of his or her rights if the parent disagrees with the district. Additionally, the notice must inform the parent how to obtain a copy of the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*.

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education services is James Rucker at Sidney ISD 254-842-5500.

### **Parents of Students who speak a Primary Language Other than English**

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

### **Accommodations for Children of Military Families**

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent related to leave or deployment activities may be excused by the district. The district will permit no more than **2** excused absences per year for this purpose.

Additional information may be found at <http://ritter.tea.state.tx.us/mil/>.

### **Student Records**

Both federal and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student's records, the district must verify the identity of the person, including a parent or the student, requesting the information. For purposes of student

records, an “eligible” student is one who is 18 or older OR who is attending an institution of postsecondary education.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student’s education records.

Federal law requires that, as soon as a student becomes 18, is emancipated by a court, or enrolls in a postsecondary institution, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

- District school officials who have what federal law refers to as a “legitimate educational interest” in a student’s records. School officials would include trustees and employees, such as the superintendent, administrators, and principals; teachers, counselors, diagnosticians, and support staff; a person or company with whom the district has contracted or allowed to provide a particular service or function (such as an attorney, consultant, auditor, medical consultant, therapist, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility; or investigating or evaluating programs.
- Various governmental agencies.
- Individuals granted access in response to a subpoena or court order.
- A school or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.

Release to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The [principal or superintendent] is custodian of all records for currently enrolled students at the assigned school. The [principal or superintendent] is the custodian of all records for students who have withdrawn or graduated.

Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The address of the superintendent’s office is Sidney ISD, Box 190, Sidney, TX, 76474 .

A parent (or eligible student) may inspect the student’s records and request a correction if the records are considered inaccurate, misleading, or otherwise in violation of the student’s privacy rights. A request to correct a student’s record should be submitted to the **principal or superintendent**. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student’s record. Although improperly recorded grades may be challenged, contesting a student’s grade in a course is handled through the general complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district’s grading policy. [See FINALITY OF GRADES at FNG(LEGAL), **Report Cards/Progress Reports and Conferences** , and **Student or Parent Complaints and Concerns** for an overview of the process.]

The district’s policy regarding student records found at FL(LEGAL) and (LOCAL) is available from the principal’s or superintendent’s office [www.sidney.esc14.net](http://www.sidney.esc14.net)

The parent’s or eligible student’s right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher’s personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

**Please note:**

Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the district is not in compliance with federal law regarding student records. The complaint may be mailed to:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5901

***Directory Information***

The law permits the district to designate certain personal information about students as “directory information.” This “directory information” will be released to anyone who follows procedures for requesting it.

However, release of a student’s directory information may be prevented by the parent or an eligible student. This objection must be made in writing to the principal within ten school days of your child’s first day of instruction for this school year. [See the “Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information” [ included in this Handbook]

***Directory Information for School-Sponsored Purposes***

The district often needs to use student information for the following school-sponsored purposes:

This information will not be used for other purposes without the consent of the parent or eligible student, except as described above at **Directory Information**.

Unless you object to the use of your child's information for these limited purposes, the school will not need to ask your permission each time the district wishes to use this information for the school-sponsored purposes listed above.

***Release of Student Information to Military Recruiters and Institutions of Higher Education***

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students' names, addresses, and telephone listings, unless parents have advised the district not to release their child's information without prior written consent. A form has been attached for you to complete if you **do not** want the district to provide this information to military recruiters or institutions of higher education.

## **SECTION II: OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS**

Topics in this section of the handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue.

### **ABSENCES/ATTENDANCE**

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with compulsory attendance, the other with attendance for course credit—are of special interest to students and parents. They are discussed below.

#### **Compulsory Attendance**

State law requires that a student between the ages of six and 18 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student who voluntarily attends or enrolls after his or her 18th birthday is required to attend each school day until the end of the school year and may be subject to compulsory attendance laws, if the student is under 21 years old. In addition, if a student 18 or older has more than five unexcused absences in a semester the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Students enrolled in prekindergarten or kindergarten are required to attend school.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student in grades 3–8 will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and applicable subject area.

#### **Exemptions to Compulsory Attendance**

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;

- Activities related to obtaining United States citizenship;
- Service as an election clerk; and
- Documented health-care appointments, including absences for recognized services for students diagnosed with autism spectrum disorders. A note from the health-care provider must be submitted upon the student’s return to campus.

In addition, a junior or senior student’s absence of up to two days related to visiting a college or university will be considered an exemption, provided the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

### **Failure to Comply with Compulsory Attendance**

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:

- Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or
- Is absent on three or more days or parts of days within a four-week period.

For a student younger than 12 years of age, the student’s parent could be charged with a criminal offense based on the student’s failure to attend school.

If a student age 12 through age 17 violates the compulsory attendance law, both the parent and student could be charged with a criminal offense.

If a student is age 18 or older, the student may be subject to penalties as a result of the student’s violation of the state compulsory attendance law.

[See policy FEA(LEGAL).]

### **Attendance for Credit**

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit for the class if he or she completes a plan, approved by the principal that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed the plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit, if appropriate. [See policy FEC.]

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- All absences will be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for the reasons listed above at **Exemptions to Compulsory Attendance** will be considered days of attendance for this purpose.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit.

The student or parent may appeal the committee's decision to the board of trustees by filing a written request with the superintendent in accordance with policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit will depend on whether the class is for a full semester or for a full year.

In addition, a junior or senior student's absence of up to **two days** related to visiting a college or university **will be considered an exemption**, provided the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

### **Failure to Comply with Compulsory Attendance**

*School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed "accelerated instruction" by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.*

*A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:*

- *Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or*
- *Is absent on three or more days or parts of days within a four-week period.*

*If the student is age 18 or older, the student's parents will not be subject to penalties as a result of their child's violation of state compulsory attendance law. [See policy FEA(LEGAL).]*

The actual number of days a student must be in attendance in order to receive credit will depend on whether the class is for a full semester or for a full year.

## **Parent’s Note after an Absence**

When a student must be absent from school, the student—upon returning to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent’s permission, will not be accepted unless the student is 18 or older.

## **Doctor’s Note after an Absence for Illness**

Upon return to school, a student absent for more than **3** consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student’s extended absence from school.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student’s absence from school.

[See policy FEC(LOCAL).]

## **Driver License Attendance Verification**

For a student between the ages of 16 and 18 to obtain a driver license, the Texas Department of Public Safety must be provided written parental consent to access the student’s records for purposes of verifying 90 percent attendance for credit for the semester.

## **ACADEMIC PROGRAMS**

The school provides students and parent’s information regarding academic programs to prepare for higher education and career choices. [For more information, see **Academic Counseling** and policies at EIF.]

### **Dual Credit**

Dual credit courses are offered at Comanche High School through Ranger College. Please see the counselor for assistance with enrolling in dual credit courses.

## **ASSOCIATE DEGREE**

Sidney ISD is excited to offer students the opportunity to earn an associate degree while in high school. The associate degree will be awarded through Ranger College. This will be offered during 2015- 2016 to our sophomores and subsequent classes. In this example, the college courses are spread out over a three-year span. However, as long as students take the necessary courses at some point while in high school, they can earn the associate degree.

### **Associate of Arts Degree**

#### **Summer Prior To Sophomore Year**

- SPCH 1315 (Public Speaking)-3 hrs
- EDUC 1100 (Learning Framework)- 1 hr

#### **Sophomore Year**

- HIST 2321 & 2322 (World Civ.)-6 hrs of elective credit
- MUSI 1306 (Mus Apprec) & ARTS 1301 (Art Apprec)- 3 hrs fine art & 3 hrs of elective credit

#### **Summer Prior To Junior Year**

-PSYC 2301(Gen Psych), PSYC 2314(Growth & Dev) , or SOCI 1301 (Intro to Soci)- 3 hrs of elective credit

### **Junior Year**

-ENGL 1301 & 1302 (Composition I & II)- 6 hrs

-HIST 1301 & 1302 (US Hist)- 6 hrs

-MATH 1314 (Coll Alg) & 1316 (Trig); 1316 counts as elective- 3 hrs math & 3 hours of elective credit

### **Summer Prior to Senior Year**

-GOVT 2306 (Texas Govt)- 3 hrs

### **Senior Year**

-ENGL 2322 & 2323 (British Lit)- 6 hrs

-ECO 2301 (Macroeconomics) & GOVT 2305 (Federal Govt)- 6 hrs

-BIOL 2401 & 2402 (Anat & Phys I and II)- 8 hrs

**Total= 60 hours (45 hours + 15 hours of elective credit\*)**

\*Other college classes (excluding Welding) can be substituted for the electives highlighted above. (Example: Statistics, Calculus, etc.)

### **Associate of Science Degree**

The Associate of Science Degree requires 2 math courses (MATH 1316 would no longer be considered an elective but would be required) and 3 English classes (ENG 2323 would be considered an elective). All other courses would remain the same as the Associate of Arts Degree.

---

Some of the courses will be taught by SHS faculty members, and some will be offered online. Any course taken during the summer or outside of the school day will not count as dual credit or be figured into GPA.

The plan above describes one path that students can follow to earn the associate degree in art or science. In this example, the college courses are spread out over a three-year span. However, as long as students take the necessary courses at some point while in high school, they can earn the associate degree.

## **AWARDS AND HONORS**

Throughout the school year award ceremonies will be conducted to recognize student achievements.

## **BULLYING**

Texas Education Code Chapter 37 Sec. 37.001. STUDENT CODE OF CONDUCT

Bullying occurs when a student or group of students directs written or verbal expressions or physical conduct against another student and the behavior results in harm to the student or the student's property, places a student in fear of physical harm or of damage to the student's property, or is so severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment.

Bullying could include hazing, threats, taunting, teasing, assault, demands for money, confinement, destruction of property, theft of valued possessions, name-calling, rumor-spreading, and ostracism. In some cases, bullying can occur through electronic methods, called "cyberbullying."

If a student believes that he or she has experienced bullying, it is important for the student or parent to notify a teacher, counselor, principal, or another district employee. The administration will investigate any allegations of bullying and will take appropriate disciplinary action if an investigation indicates that bullying has occurred.

[Also see **School Safety Transfers** , **Hazing**, and policy FFI(LOCAL).]

## **CAREER AND TECHNICAL EDUCATION (CTE) PROGRAMS**

The district offers career and technical education programs. Admission to these programs is based on CLASS SIZE, AVAILABILITY OF CLASSROOMS, AND BUDGET EXPENDITURES.

**SIDNEY ISD** will take steps to ensure that lack of English language skills will not be a barrier to admission and participation in all educational and CTE programs. [Also see **Nondiscrimination Statement**]

## **CHILD SEXUAL ABUSE**

The district has established a plan for addressing child sexual abuse, which may be accessed at Sidney ISD website. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse, the campus counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (TDFPS) also manages early intervention counseling programs. To find out what services may be available in your county, see

[http://www.dfps.state.tx.us/Prevention and Early Intervention/Programs Available In Your County/default.asp](http://www.dfps.state.tx.us/Prevention%20and%20Early%20Intervention/Programs%20Available%20In%20Your%20County/default.asp).

## **CLASS RANK / HIGHEST RANKING STUDENT**

To be eligible for Valedictorian or Salutatorian, a student must be in continuous attendance at Sidney ISD for the full terms of the junior and senior years. Any student who chooses an accelerated graduation plan may not be eligible for the Valedictorian or Salutatorian award unless special permission given by the administration. Permission must be given in writing with parental/guardian approval and kept in student file. To be considered for rank in class a student must have passed all sections of the TAKS exit level testing. Students graduating under the distinguished plan will be ranked first, then the recommended plan graduates followed by those on the minimum requirement plan.

For two school years following his or her graduation, a district student who graduates in the top ten percent of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University's enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University of Texas at Austin during the summer or fall 2014 term, the University will be admitting the top eight percent of the high school's graduating class [For further information, see policies at EIC.]

## CLASS SCHEDULES

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day's schedule.

## COLLEGE AND UNIVERSITY ADMISSIONS

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University's enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University of Texas at Austin during the summer or fall 2017 term, the University will be admitting the top seven percent of the high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through an independent review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Students and parents should contact the counselor or the principal for further information about automatic admissions, the application process, and deadlines.

[See also **Class Rank/Highest Ranking Student** for information specifically related to how the district calculates a student's rank in class].

## COLLEGE CREDIT COURSES

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), or International Baccalaureate (IB);
- Enrollment in an AP or dual credit course through the Texas Virtual School Network;
- Enrollment in courses taught in conjunction and in partnership with Ranger Junior College
- Enrollment in courses taught at the following institutions in the district: [Ranger Junior College]
- Certain CTE courses.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the principal for more information.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student's desired degree plan.

## **COMPLAINTS AND CONCERNS**

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the district has adopted a standard complaint policy at FNG(LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office [\[or on the district's Web site at www.sidney.esc14.net\]](http://www.sidney.esc14.net).

In general, the student or parent should submit a written complaint and request a conference with the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

## **CONDUCT**

### **Applicability of School Rules**

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

### **Corporal Punishment**

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO(LOCAL) in the district's policy manual.

### **Disruptions of School Operations**

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.

- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

### **Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

## **Telecommunications Devices, Including Mobile Telephones**

For safety purposes, the district permits students to possess telecommunications devices, including mobile telephones; however, these devices must remain turned (**OFF**) during the instructional day, including during all testing. Exemptions to this rule may be permissible with permission from Superintendent or Principal in occurrences of specific emergencies or events.

**A student who uses or is found to have (ON) a telecommunications device during the instructional school day (8:00 AM ((not during lunch time)) 3:30 PM) will have the device confiscated. The [student/parent] may pick up the confiscated telecommunications device from the principal's office for a fee of \$15.** This fee will be the standard fee for the first 3 offenses of the school year. Following the 3<sup>rd</sup> offense the student will have to check in their device with the secretary upon entering the campus.

Confiscated telecommunications devices that are not retrieved by the student or student's parents will be disposed of after the notice required by law. [See policy FNCE.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district will not be responsible for damaged, lost, or stolen telecommunications devices.

### **Other Electronic Devices**

Students are not permitted to possess such items as radios, CD players, MP3 players, video or audio recorders, DVD players, cameras, games, or other electronic devices at school, unless prior

permission has been obtained from the principal or superintendent. The exception to this rule is that 6-12<sup>th</sup> graders are permitted to use devices only from the track south with coach's permission during PE period. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

Any disciplinary action will be in accordance with the Student Code of Conduct. The district will not be responsible for any damaged, lost, or stolen electronic device.

## **CONTAGIOUS DISEASES / CONDITIONS**

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his or her child has a contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

The school nurse or the principal's office can provide information from the Department of State Health Services regarding these diseases.

## **COUNSELING**

### **Academic Counseling**

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each spring, students in grades 8-11 will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities.

To plan for the future, each student should work closely with the counselor in order to enroll in the high school courses that best prepare him or her for attendance at a college, university, or training school, or for pursuit of some other type of advanced education. The counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

### **Psychological Exams, Tests, or Treatment**

The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

[For more information, refer to policies EHBAA(LEGAL), FFE(LEGAL), and FFG(EXHIBIT).]

## **COURSE CREDIT**

A student in grades 9–12 will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student's grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student's combined average be less than 70, the student will be required to retake the semester in which he or she failed.

## **CREDIT BY EXAM—If a Student Has Taken the Course**

A student who has previously taken a course or subject—but did not receive credit for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit by passing an exam on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a non-accredited school.

The counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

[For further information, see the counselor and policy EHDB(LOCAL).]

## **CREDIT BY EXAM—If a Student Has Not Taken the Course**

A student will be permitted to take an exam to earn credit for an academic course for which the student has had no prior instruction or to accelerate to the next grade level. Test dates will be determined when needed.

A student will earn course credit with a passing score of at least 90 on the exam. A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 90 on each exam in the subject areas of language arts, mathematics, science, and social studies.

If a student plans to take an exam, the student (or parent) must register with the principal no later than 30 days prior to the scheduled testing date. The district [will not] honor a request by a parent to administer a test on a date other than the published dates. If the district agrees to administer a test other than the one chosen by the district, the student's parent will be responsible for the cost of the exam. [For further information, see policy EHDC(LOCAL).]

## **DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION**

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law. [See policy FFH.]

### **Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. This type of conduct is considered harassment if the conduct is so severe,

persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engage in these behaviors.

### **Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that negatively affects the student.

### **Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance. A copy of the district's policy is available in the principal's office and in the superintendent's office [\[or on the district's Web site\]](#).

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

### **Sexual Harassment and Gender-Based Harassment**

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student's gender, expression by the student of stereotypical characteristics associated with the student's gender, or the student's failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault;

threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

## **Retaliation**

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

## **Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, counselor, principal, or other district employee. The report may be made by the student's parent. See policy FFH(LOCAL) for the appropriate district officials to whom to make a report.

## **Investigation of Report**

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated. The district will notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district.

In the event prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary or corrective action will be taken to address the conduct. The district may take disciplinary action even if the conduct that is the subject of the complaint was not unlawful.

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

## **DISCRIMINATION**

[See **Dating Violence, Discrimination, Harassment, and Retaliation**]

## **DISTANCE LEARNING**

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

The Texas Virtual School Network (TxVSN) has been established as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TxVSN to earn course credit for graduation. In limited circumstances, a student in grade 8 may also be eligible to enroll in a course through the TxVSN.

Depending on the TxVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [Also see **Extracurricular Activities, Clubs, and Organizations**]

If you have questions or wish to make a request that your child be enrolled in a TxVSN course, please contact the principal.

The additional distance learning opportunities available to district students are courses provided by Ranger Jr. College.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the TxVSN in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district will not recognize and apply the course or subject toward graduation requirements or subject mastery.

## **DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS**

### **School Materials**

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school newspaper, The Screamin’ Eagle, and the yearbook, are available to students.

All school publications are under the supervision of a teacher, sponsor, and the principal.

[See **Directory Information for School-Sponsored Purposes**]

### **Nonschool Materials...from students**

Students must obtain prior approval from the administration before posting, circulating, or distributing more than ten copies of written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The principal has designated the school library as the location for approved nonschool materials to be placed for voluntary viewing by students. [See policies at FNAA.]

A student may appeal a principal’s decision in accordance with policy FNG(LOCAL). Any student who posts nonschool material without prior approval will be subject to disciplinary

action in accordance with the Student Code of Conduct. Materials displayed without the principal's approval will be removed.

### **Nonschool Materials...from others**

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the administration for prior review. The administration will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA, FNG, or GF.]

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a non-curriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

## **DRESS AND GROOMING**

**It is impossible to list every item that is unacceptable. If it is determined that a student violates the dress code, the student will be given the opportunity to correct the problem the first time. If the student must leave to correct the problem the absence will be unexcused.**

**If the principal and/or superintendent determines that a student's grooming or clothing violates the school's dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student will be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.**

The district's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards, **provided that they comply with the following:**

- No revealing clothing, such as but not limited to spaghetti straps, halter tops, tube tops, and one shoulder tops, or clothing which allow the midriff to show. Bra straps are to be covered at all times.
- No house shoes or pajamas
- Wear shorts, skirts and dresses of specific length in which, if arms extended down, shorts, skirt or dress no shorter than point of fingertips.
- Clothing that has holes of any size in it, or torn clothing to expose the body or undergarment is prohibited. Holes or torn clothing may be patched from underneath as to not expose the body.
- Oversized clothing shall not be worn to school. This specifically includes bagging and sagging pants.
- Apparel worn over spandex, leggings, or Jeggings, must meet all dress code requirements. Tights, spandex, leggings, or Jeggings, may not worn on their own as pants.
- Indecent and inappropriate clothing cannot be worn. Examples include, but are not limited to pictures or writing that is lewd. Vulgar, obscene, or inflammatory (ex: that may be inclusive but not limited to alcoholic beverages, sex, drugs, tobacco, etc. )
- Boys may not wear earrings or have facial hair.
- Extreme styles, **as determined by the principal and/or superintendent**, which might disrupt normal school procedures, will not be allowed. Any extreme or distracting hair styles or colors, such as bright red, blue, green, pink, orange, purple, and/or two-tone colors are prohibited. Length of boy's hair cannot extend beyond the earlobe on the side, over the collar in the back, and over the eyebrow in the front. Student will be able to meet the hair code immediately or be given 1 day to correct the violation.
- All caps, hats, or other headdress are to be kept in student vehicle or left at home. These items are not to be worn or carried on their persons on campus during the instructional day
- Nose rings, tongue rings, belly(naval) rings, or rings visible in any part of the body may not be worn. Girls may wear appropriate earrings.
- Sunglasses are not to be worn in buildings during school instructional time.

**As stated previously, if the principal and/or the superintendent determines that a student's grooming or clothing violates the school's dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student will be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.**

## **ELECTRONIC DEVICES AND TECHNOLOGY RESOURCES**

### **Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones**

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers.

**The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.**

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. The [\[student/parent\]](#) may pick up the confiscated telecommunications device from the principal's office for a fee of \$15.

Confiscated telecommunications devices that are not retrieved by the student or the student's parents will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel. [See **Searches** and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district will not be responsible for damaged, lost, or stolen telecommunications devices.

### **Possession and Use of Other Personal Electronic Devices**

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel. [See **Searches** on page and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district will not be responsible for any damaged, lost, or stolen electronic device.

### **Instructional Use of Personal Telecommunications and Other Electronic Devices**

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and

other disciplinary action. **[More details concerning telecommunication or other Electronic devices appear on pages 18-19 of this document]**

### **Acceptable Use of District Technology Resources**

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned technology resources for instructional purposes; specific resources may be issued individually to students. Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

### **Unacceptable and Inappropriate Use of Technology Resources**

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child <http://beforeyoutext.com>, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

## **END-OF-COURSE (EOC) ASSESSMENTS**

See **Course Credit, Grading Guidelines, Graduation, and Standardized Testing.**

## **EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS**

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing inter-district competition. If a student is involved in an academic, athletic, or music

activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. [See <http://www.uil-texas.org> for additional information.]

The following requirements apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an Advanced Placement or International Baccalaureate course; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or language other than English—may not participate in extracurricular activities for at least three school weeks.
- A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse.
- A student is allowed in a school year to attend extracurricular activities with the permission of the sponsor and the administration. The main criteria used for this allowance will be grade averages in any and/or all subjects and absences and tardies that may be on record. An absence for participation in an activity that has not been approved will receive an unexcused absence.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

### **Standards of Behavior**

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization's standards of behavior.

[For further information, see policies at FM and FO. For student-organized, student-led groups, see **Meetings of Non-curriculum-Related Groups**]

### **Offices and Elections**

Certain clubs, organizations, and performing groups will hold elections for student officers. These groups include: Ag Programs, FCCLA, Student Council, and Class Officers

### **FEES**

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.

- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles**]
- A fee not to exceed \$50 for costs of providing an educational program outside of regular school hours for a student who has lost credit because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TxVSN).

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the school administration. [For further information, see policies at FP.]

## **FUND-RAISING**

Student groups or classes and/or parent groups may be permitted to conduct fund-raising drives for approved school purposes. An application for permission must be made to the administration at least **14 days** before the event. [For further information, see policies at FJ and GE.]

## **GANG-FREE ZONES**

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

## **GRADE CLASSIFICATION**

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
5	Grade 10 (Sophomore)
10	Grade 11 (Junior)
15	Grade 12 (Senior)

## GRADING GUIDELINES

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student's mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.). Grading guidelines also outline in what circumstances a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade.

Grading policy will be according to teacher discretion and based on administrator approval.

Also see **Report Cards/Progress Reports and Conferences** for additional information on grading guidelines. See **Graduation** below, **Course Credit**, and **Standardized Testing** for additional information regarding EOC assessments.

## GRADUATION

### . Requirements for a Diploma

To receive a high school diploma from the district, a student must successfully:

- Complete the required number of credits;
- Complete any locally required courses in addition to the courses mandated by the state; and
- Depending on the year in which the student is scheduled to graduate, pass a statewide exit-level exam or achieve passing scores on certain end-of-course (EOC) assessments.

The exit-level test, for which satisfactory performance is required as a condition for graduation of any student who is in grade 12 during the 2015–2016 school year, covers English language arts, mathematics, science, and social studies and requires knowledge of Algebra I and Geometry; Biology and Integrated Chemistry and Physics; English III; and early American and United States History, World History, and World Geography. If a student in grade 12 did not

pass all sections while in grade 11, there will be opportunities to retake each applicable subject area test.

Beginning with students who entered grade 9 in the 2011–2012 school year, students are required, with limited exceptions, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and United States History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments.

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

### Graduation Programs

The district offers the graduation programs listed below. All students entering grade 9 are required to enroll in the Foundation Program or Advanced/Distinguished Achievement Program. Permission to enroll in the Minimum Program will be granted only if a written agreement is reached among the student, the student’s parent or person standing in parental relation, and the school counselor or appropriate administrator. In order for a student to take courses under the Minimum Program, the student must be at least 16 years of age; have completed at least two credits each in English language arts, math, science, and social studies courses that are required for graduation; or have failed grade 9 one or more times. [See policy EIF(LEGAL).]

All students must meet the following credit and course requirements for graduation under the programs listed:

<b>Courses</b>	<b>Number of credits Foundation Program</b>	<b>Number of credits Foundation with Endorsement</b>	<b>Number of credits Advanced/Distinguished Achievement Program</b>
English/Language Arts	4	4	4
Mathematics	3	4	4
Science	3	4	4
Social Studies, including Economics	3	4	4
Physical Education*	1	1	1
Language other than English	2	2	3
Fine Arts	1	1	1
Electives**	5	7	7

<b>Courses</b>	<b>Number of credits Foundation Program</b>	<b>Number of credits Foundation with Endorsement</b>	<b>Number of credits Advanced/ Distinguished Achievement Program</b>
Miscellaneous			Completion of 4 Advanced Measures***
<b>TOTAL</b>	<b>22 credits</b>	<b>26 credits</b>	<b>26 credits</b>

\* A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, or social studies for the required credit of physical education. This determination will be made by the student’s ARD committee, Section 504 committee, or other campus committee, as applicable.

\*\* State rules prohibit a student from combining a half-credit of a course for which there is an EOC assessment with another half-credit of an elective credit course to satisfy an elective credit requirement. However, the district will allow a student to satisfy a graduation requirement for which there are multiple options with one-half credit of one allowable option and one-half credit of another allowable option, if neither course has an EOC assessment.

\*\*\* A student graduating under the Advanced/Distinguished Achievement Program must also achieve a combination of four of the following advanced measures:

1. An original research project or other project that is related to the required curriculum. These projects must be judged by a panel of professionals or conducted under the direction of a mentor and reported to an appropriate audience. Please note that no more than two of the four advanced measures may be received from this option.
2. Test data where a student receives:
  - a. A score of three or above on an Advanced Placement (AP) exam;
  - b. A score on the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) that qualifies the student for recognition as a commended scholar or higher by the College Board and National Merit Scholarship Corporation, as part of the National Hispanic Recognition Program (NHRP) of the College Board, or as part of the National Achievement Scholarship Program of the National Merit Scholarship Corporation. The PSAT/NMSQT score will count as only one advanced measure regardless of the number of honors received by the student.
3. College academic courses, including those taken for dual credit, and advanced technical courses, including locally articulated courses, provided the student scores the equivalent of a 3.0 or higher.

Information regarding specific courses required or offered in each curriculum area, along with a description of advanced measures available to students in the Advanced/Distinguished Achievement Program from the options listed above, will be distributed to students each spring in order to enroll in courses for the upcoming school year.

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or CTE, the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

### **Certificates of Coursework Completion**

A certificate of coursework completion **will not** be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

### **Students with Disabilities**

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her IEP.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL).]

Please also be aware that if an ARD committee places a student with a disability on a modified curriculum in a subject area, the student will be automatically placed in the Minimum Program, in accordance with state rules.

If a student receiving special education services is scheduled to graduate under the Minimum Program or in accordance with the provisions of his or her IEP, the student's ARD committee will determine whether the general EOC assessment is an accurate measure of the student's achievement and progress and, if so, whether successful performance is required for graduation, or whether an alternative assessment is more appropriate. STAAR Modified and STAAR Alternate are the alternative assessments currently allowed by the state. [See **Standardized Testing** for additional information.]

### **Graduation Activities**

Students who have met coursework requirements for graduation but have not yet demonstrated satisfactory performance on exit-level tests or end-of-course assessments will be allowed to participate in graduation activities. However, please keep in mind that participating in the activities and ceremonies is not synonymous with graduating. Ultimately, the final awarding of a diploma will be contingent upon the student's completion of all applicable requirements for graduation.

## **Graduation Speakers**

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

## **Graduation Expenses**

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Student Fees**]

## **State Scholarships and Grants**

- Students who have a financial need according to federal criteria and who complete the Recommended Program or Advanced/Distinguished Achievement Program may be eligible under the T.E.X.A.S. Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.
- Contact the school counselor for information about other scholarships and grants available to students.

## **HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation**]

## **HAZING**

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[Also see **Bullying** and policies FFI and FNCC.]

## **HEALTH-RELATED MATTERS**

### **Student Illness**

When your child is ill, please contact the school to let us know he or she won't be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

### **Bacterial Meningitis**

State law specifically requires the district to provide the following information:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing, sharing drinking containers, utensils, or cigarettes).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include when there is a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85–90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us/>.

## **Food Allergies**

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives

information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed at the central office at Sidney ISD.

### **Head Lice**

Head lice, although not an illness or a disease, is very common among children and is spread very easily through head-to-head contact during play, sports, or nap time and when children share things like brushes, combs, hats, and headphones. If careful observation indicates that a student has head lice, the school nurse will contact the student's parent to determine whether the child will need to be picked up from school and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student has undergone one treatment, the parent should check in with the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

**More information on head lice can be obtained from the TDSHS Web site at <http://www.dshs.state.tx.us/schoolhealth/lice.shtm>**

### **Physical Activity for Students in Elementary and Middle School**

In accordance with policies at EHAB, EHAC, EHBG, the district will ensure that students in full-day prekindergarten through grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

Students in middle or junior high school will engage in [30 minutes of moderate or vigorous physical activity per day for at least four semesters OR at least 225 minutes of moderate or vigorous physical activity within each two-week period for at least four semesters].

For additional information on the district's requirements and programs regarding elementary, middle, and junior high school student physical activity requirements, please see the principal.

### **School Health Advisory Council (SHAC)**

During the preceding school year, the district's School Health Advisory Council held 2 meetings. Additional information regarding the district's School Health Advisory Council is available. [See also policies at BDF and EHAA.]

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing school health services, counseling services, a safe and healthy school environment, recess recommendations, and employee wellness. See policies at BDF and EHAA.

[See **Removing a Student from Human Sexuality Instruction** for additional information.]

## **Other Health-Related Matters**

### ***Physical Fitness Assessment***

Annually, the district will conduct a physical fitness assessment of students in grades 3–12. At the end of the school year, a parent may submit a written request to Derek Stevens to obtain the results of his or her child’s physical fitness assessment conducted during the school year.

### ***Vending Machines***

The district has adopted policies and implemented procedures to comply with state and federal food service guidelines for restricting student access to vending machines. For more information regarding these policies and guidelines see policies at CO and FFA.]

### ***Tobacco Prohibited***

Students are prohibited from possessing or using any type of tobacco product, including electronic cigarettes, while on school property at any time or while attending an off campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, including electronic cigarettes, by students and others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

### ***Asbestos Management Plan***

The district’s Asbestos Management Plan, designed to be in compliance with state and federal regulations, is available in the Superintendent’s office. If you have any questions, please contact Doug Bowden, Supt.

### ***Pest Management Plan***

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the United States Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child’s school assignment area may contact Doug Bowden, Superintendent, Sidney ISD.

## **HOMELESS STUDENTS**

For more information on services for homeless students, contact the district’s Liaison for Homeless Children and Youths, Candice Rust.

## **HOMEWORK**

Each teacher will set up classroom policy dealing with the issues and homework requirement. Check with your child's individual teacher on homework policy.

## **IMMUNIZATION**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (TDSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://webds.dshs.state.tx.us/immco/default.aspx>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; measles, mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

As noted at **Bacterial Meningitis**, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

**[For further information, see policy FFAB(LEGAL) and the TDSHS Web site: <http://www.dshs.state.tx.us/immunize/school/default.shtm>.]**

## **LAW ENFORCEMENT AGENCIES**

### **Questioning of Students**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.

- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

### **Students Taken Into Custody**

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

### **Notification of Law Violations**

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate district personnel in regards to a student who is required to register as a sex offender.

[For further information, see policies FL(LEGAL) and GRAA(LEGAL).]

## **LEAVING CAMPUS**

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a child early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.
- For students in high school, the same process will be followed. If the student's parent will authorize the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student's need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student's parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.
- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student's parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a child in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

### **At Any Other Time During the School Day**

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

## **LIMITED ENGLISH PROFICIENT STUDENTS**

A student with limited English proficiency (LEP) is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student's parent must consent to any services recommended by the LPAC for a LEP student.

In order to determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR-L, as mentioned at Standardized Testing, below, may be administered to a LEP student. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to LEP students who qualify for services.

If a student is considered LEP and receives special education services because of a qualifying disability, the student's ARD committee will make these decisions.

## **LOST AND FOUND**

A "lost and found" collection box is located in the campus office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district cannot be responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

## **MAKEUP WORK**

### **Makeup Work Because of Absence**

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

**A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the state laws surrounding “attendance for credit or final grade.”**

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

### **DAEP Makeup Work**

A student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

### **In-school Suspension (ISS) Makeup Work**

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

### **MEDICINE AT SCHOOL**

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policies at FFAC, may administer:
  - Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.

- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.
- In certain emergency situations, the district will maintain and administer to a student nonprescription medication, but only:
  - In accordance with the guidelines developed with the district's medical advisor; and
  - When the parent has previously provided written consent to emergency treatment on the district's form.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the principal.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the principal for information. [See policy FFAF(LEGAL).]

### **Psychotropic Drugs**

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policies at FFAC.]

### **NONDISCRIMINATION STATEMENT**

In its efforts to promote nondiscrimination, SIDNEY ISD does not discriminate on the basis of race, religion, color, national origin, gender, or disability in providing education services, activities, and programs, including CTE programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Title II

of the Americans with Disabilities Act of 1990 (ADA), as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended.

The following district representatives have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of gender contact James Rucker, Principal.
- ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: James Rucker.
- All other concerns regarding discrimination: See the superintendent.

[See policies FB(LOCAL) and FFH(LOCAL).]

## **NONTRADITIONAL ACADEMIC PROGRAMS**

[See **Requirements for a Diploma**]

## **PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE**

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001. [See policy EC(LEGAL) for more information.]

## **PRAYER**

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

## **PROMOTION AND RETENTION**

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student's teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district. To earn credit in a

course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.\*

- In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.
- In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

\* Because the 2011–2012 school year was the first year of implementation of the STAAR, students will not be required by state law to perform satisfactorily on the grade 5 or 8 STAARs for this one year only in order to be promoted to the next grade level.

Parents of a student in grades 3–8 who does not perform satisfactorily on his or her exams will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year.

With the exception of the 2011–2012 school year, a student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student’s parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policies at EIE.]

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, counselor, or special education director.

A Personal Graduation Plan (PGP) will be prepared for any student in a middle school or beyond who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a guidance counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the [\[counselor or principal\]](#) and policy EIF(LEGAL).] For a student receiving special education services, the student’s IEP may serve as the student’s PGP and would therefore be developed by the student’s ARD committee.

Students who qualify for testing will also have multiple opportunities to retake EOC assessments. [See Graduation]

## **RELEASE OF STUDENTS FROM SCHOOL**

Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time.

A student who will need to leave school during the day must bring a note from his or her parent that morning and follow the campus sign-out procedures before leaving the campus. Otherwise, a student will not be released from school at times other than at the end of the school day.

Unless the [principal or superintendent] has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

If a student becomes ill during the school day, the student should receive permission from the teacher before reporting to the school nurse. The nurse and principal or administration will decide whether or not the student should be sent home and will notify the student's parent.

## **REPORT CARDS / PROGRESS REPORTS AND CONFERENCES**

Report cards with each student's grades or performance and absences in each class or subject are issued to parents at least once every 3 weeks.

At the end of the first three weeks of a grading period, parents will be given a written progress report if their child's performance [in any course OR in English language arts, mathematics, science, or social studies] is near or below 70, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject.

[See **Working Together** for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the [principal or superintendent] pursuant to the board-adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL) and **Grading Guidelines**]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school within 5 days.

## **RETALIATION**

[See **Dating Violence, Discrimination, Harassment, and Retaliation.**]

## **SAFETY**

Student safety on campus and at school-related events is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student should:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

### **Accident Insurance**

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

### **Drills: Fire, Tornado, and Other Emergencies**

From time to time, students, teachers, and other district employees will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

#### ***Fire Drill Bells***

- 3 bells      leave the building
- 1 bell      halt; stand at attention
- 2 bells      return to the classroom

#### ***Tornado Drill Bells***

- 1 continuous bell      move quietly but quickly to the designated locations
- 2 bells      return to the classroom

### **Emergency Medical Treatment and Information**

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

## **Emergency School-Closing Information**

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early because of severe weather or another emergency.

## **SAT, ACT, AND OTHER STANDARDIZED TESTS**

See **Standardized Testing**.

## **SCHOOL FACILITIES**

**At the beginning of the 2017-2018 school year the main campus will be under complete video surveillance and will be monitored on campus or remotely from another location via the internet.**

## **Use by Students Before and After School**

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The gymnasium will open for students in Grades 6-12 before school, beginning at 7:25 only if school employee is present and supervising.

- The Auditorium or playground (depending upon weather conditions) will be available and supervised at 7:25 a. m. for Grades K-5<sup>th</sup>.
- Unless the teacher or sponsor overseeing the activity gives permission, **a student will not be permitted to go to another area of the building or campus.**
- The lunchroom will be available for the serving of breakfast at 7:25 A.M. each morning of the instructional day. Once student has completed breakfast he/she is to go directly to their assigned area until the bell that signals the beginning of the instructional day.

After dismissal of school in the afternoon, and unless involved in an activity under the supervision of a teacher, **students must leave campus immediately.**

## **Conduct Before and After School**

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

## **Use of Hallways During Class Time**

Loitering or standing in the halls during class or in between class is not permitted. During class time, a student must have permission to be outside the classroom for any purpose. Failure to obtain permission will result in disciplinary action in accordance with the Student Code of Conduct.

## **Cafeteria Services**

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily. Free and reduced-price meals are available based on financial need. Information about a student's participation is confidential. See the superintendent to apply.

The district follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day. [For more information, see policy CO(LEGAL).]

## **Library**

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for independent student use during the following times with a teacher permit or teacher supervision during these times:

- **Monday-Friday 7:45-10:00 and 1:00-3:25**
- **Teachers must be present with students if a larger group is to visit the library**
- **Teachers must also be present with any or all students if Assistant Librarian is busy with other duties.**

## **Meetings of Non-curriculum-Related Groups**

Student-organized, student-led non-curriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal's office.

## **SEARCHES**

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

### **Students' Desks and Lockers**

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time if there is reasonable cause to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

## **Electronic Devices**

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF(LEGAL) for more information.]

## **Vehicles on Campus**

**Vehicles parked on school property or within 300 ft. of school property are under the jurisdiction of the school. School officials may search any vehicle any time there is reasonable cause to do so, with or without the permission of the student.** A student has full responsibility for the security and content of his or her vehicle and must make certain that it is locked and that the keys are not given to others. [See also the Student Code of Conduct.]

## **Trained Dogs**

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

## **Drug-Testing**

Sidney ISD will do random drug testing on all 6<sup>th</sup> through 12<sup>th</sup> grade students who are involved in any school sponsored activities or drive a vehicle to school.

## **SPECIAL PROGRAMS**

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency, dyslexic students, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the principal..

## **STANDARDIZED TESTING**

### **SAT/ACT (Scholastic Aptitude Test and American College Test)**

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with school personnel early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year.

The ACT or SAT may be available at no cost to students. In addition, students in grades 8 and 10 may have the opportunity to take the corresponding preparation assessments at no charge. Please check with the counselor for details.

## **STAAR (State of Texas Assessments of Academic Readiness)**

### ***Grades 3–8***

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated assessments, such as the STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law in order for the student to be promoted to the next grade level. STAAR Modified and STAAR Alternate, for students receiving special education services, will be available for eligible students, as determined by the student's ARD committee.

STAAR-L is a linguistically accommodated assessment that is available for certain limited English proficient (LEP) students, as determined by the student's Language Proficiency Assessment Committee (LPAC).

### ***End-of-Course (EOC) Assessments for Students in Grades 9–12***

. Beginning with ninth graders in the 2011–2012 school year and, as modified by House Bill 5, end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II,
- Biology
- United States History

Satisfactory performance on the applicable assessments will be required for graduation.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Modified and STAAR Alternate, for students receiving special education services, will be available for eligible students, as determined by the student's ARD committee. These particular EOC assessments may have different testing windows than the general assessments, and the ARD committee will determine whether successful performance on the assessments will be required for graduation.

STAAR-L, which is a linguistically accommodated assessment, will be available for students who have been determined to be limited English proficient (LEP) and who require this type of testing accommodation.

## **STUDENTS IN PROTECTIVE CUSTODY OF THE STATE**

In an effort to provide educational stability, the district strives to assist any student who is currently placed or newly placed in either temporary or permanent conservatorship (custody) of the state of Texas with the enrollment and registration process, as well as other educational services throughout the student's enrollment in the district.

A student who is placed in the custody of the state and who is moved outside of the district's attendance boundaries is entitled to continue in enrollment at the school he or she was attending prior to the placement until the student reaches the highest grade level at the particular school. In addition, if a student in grade 11 or 12 is transferred to another district and does not meet the graduation requirements of the transferring district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

Please contact James Rucker, who has been designated as the district's liaison for children in the conservatorship of the state, at 254 842-5500 Ext. 116 with any questions.

## **STUDENT SPEAKERS**

The district provides students the opportunity to introduce the following school events: Veteran's Day, NHS, Student Council Events, Class Projects, Plays, Athletic Events, Christmas Events, Graduation Ceremonies, FCCLA, Ag Dept. Events.

A student who is eligible and wishes to introduce one of the school events listed above should submit his or her name to the administration .

As determined by the principal, students who have been selected for special honors, such as captain of an athletic team, student council officers, leaders of school-sponsored organizations, homecoming king or queen, or prom king or queen may also address school audiences at designated events.

[See policy FNA(LOCAL).]

## **SUBSTANCE ABUSE PREVENTION AND INTERVENTION**

If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the principal. The school principal can provide you with a list of community resources that may be of assistance to you. The TDSHS maintains information regarding children's mental health and substance abuse intervention services on its Web site: <http://www.dshs.state.tx.us/mhsa-child-adolescent-services/>.

## **SUICIDE AWARENESS**

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access

<http://www.texasuicideprevention.org> or contact the school principal for more information related to suicide prevention services available in your area.

## **TARDINESS**

A student who is tardy to class will be assigned to detention hall after the 3<sup>rd</sup> offense. Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the Student Code of Conduct.

## **TEXTBOOKS, ELECTRONIC TEXTBOOKS, AND TECHNOLOGICAL EQUIPMENT**

State-approved textbooks are provided to students free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or paid for by the parent; however, the student will be provided textbooks and equipment for use at school during the school day. Students taking dual credit classes will be required to obtain their own textbook for the class.

## **TRANSFERS**

[See **School Safety Transfers**, and **Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education Services**, for other transfer options.]

## **TRANSPORTATION**

### **School-Sponsored Trips**

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent **makes a written or verbal request** that the student be released to the parent or to another adult designated by the parent.

### **Buses and Other School Vehicles**

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school. Bus transportation is a privilege and does not have to be offered.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact James Rucker or Doug Bowden .

See the Student Code of Conduct for provisions regarding transportation to the DAEP.

Students are expected to assist district staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in district vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the bus or van in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the bus, van, or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus or van.
- Not possess or use any form of tobacco on school buses.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the bus or van and before crossing in front of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; bus-riding privileges may be suspended.

## **VANDALISM**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

## **VIDEO CAMERAS**

For safety purposes, video/audio equipment may be used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video/audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

## **VISITORS TO THE SCHOOL**

### **General Visitors**

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor's arrival, the individual must check in at the main office first.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

### **Visitors Participating in Special Programs for Students**

On High School Career Day, the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

## **VOLUNTEERS**

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. Please contact the principal if you have an interest in volunteering at Sidney ISD.

## **WITHDRAWING FROM SCHOOL**

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book and equipment clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

### **For Electronic Communications System**

Directions: Please read the following description and conditions of service, and sign the pages as needed, filling in all required fields. Then send the signed pages to your building principal or library media specialist.

#### APPLICATION FOR ACCOUNT AND TERMS AND CONDITIONS FOR USE OF THE SISD NETWORK AND THE INTERNET

#### INTRODUCTION:

Internet access is available to students, teachers, and the administration of Sidney ISD. We believe these services will offer vast, diverse and unique resources to both students and teachers. Our goal is to promote educational excellence in the Sidney Independent School District by facilitating resource sharing innovation and communication.

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Our students, teachers and administrators will have access to:

1. WWW (World Wide Web) - Graphical interface to other sites all over the world using Netscape or Internet Explorer. Through this platform, one may see and get resources from thousands of archives worldwide.
2. Discussion groups on a wide variety of topics ranging from ethnic cultures to the environment to music to politics.

Our teachers and administrators will also have access to electronic mail. Students will not have direct access to e-mail through this system for personal use and may not check e-mail accounts they may have outside of school upon these machines.

#### USER RESPONSIBILITIES:

Teachers and administrators will be assigned accounts on this system. Students will be users of the system. It is expected that anyone having an account with the Sidney ISD Network and all student users will accept and abide by the following policies:

1. Users must respect the privacy of others. Users shall not intentionally obtain copies of or modify files, passwords, or data that belong to anyone else. No one should represent themselves as someone else by using another account. No one should forward personal material without prior consent.
2. All users must respect the legal protection provided by copyright license to programs, books, articles and data.
3. Users must respect the integrity of computing systems, for example, no one should develop programs that harass other users, or attempt to infiltrate a computer or computing

system.

4. No advertising for profit, no lobbying, and no campaigns for political office are allowed through the Network.
5. Use of the Sidney ISD Network for games or for passing chain letters is not considered acceptable, as this places a heavy load on scarce resources.
6. Users must respect the rights of other individuals and not use language that is abusive, profane, or sexually offensive.
7. Electronic Mail is not guaranteed to be private. Messages dealing with illegal activities may be reported to the appropriate authority.
8. If a member feels there may be a security problem on the Network he/she must notify the system administrator and inform him/her of the problem.
9. Be careful to protect your password. Never give your password to anyone. Call the system administrator if you forget your password. Any abuse of your account by someone else is your

responsibility. If you believe someone else may have your password, you should immediately change it and report the problem to the system administrator.

10. The use of chat rooms (or any simulations thereof) by anyone on the Sidney ISD network is prohibited.

11. All must abide by existing Federal and State laws in force regarding electronic communication. This includes accessing information without authorization, giving passwords out, or causing a system to malfunction. These laws can carry penalties of up to 20 years in prison.

12. Access to the Internet is considered a privilege. Anyone found using access in a way deemed inappropriate will be denied privileges.

#### PARENT INVOLVEMENT:

We are pleased to offer students of the Sidney Public Schools access to the district computer network and the Internet. To gain access to the Internet, all students under the age of 18 must obtain parental permission and must sign and return the Acceptable Use Policy form to the school. Students 18 and over may sign their own forms.

Access to the Internet will enable students to explore thousands of libraries, databases, and bulletin boards while collaborating with Internet users throughout the world. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. But ultimately, parents, and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, the Sidney Public Schools support and respect each family's right to decide whether or not to apply for access.

#### STUDENT RESPONSIBILITIES:

Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply.

The network is provided for students to conduct research and communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner. Access is a privilege - not a right. Access entails responsibility.

#### DISTRICT RULES:

Individual users of the district computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with district standards and will honor the agreement they have signed. Beyond the clarification of such standards, the district is not responsible for restricting, monitoring or controlling the communications of individuals utilizing the network. Network storage areas may be treated like a school locker. Network administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private. Within reason, freedom of speech and access to information will be honored.

As outlined in Board policy and procedures on student rights and responsibilities, copies of which are available in school offices, the following are not permitted:

- Sending or displaying offensive messages or pictures
- Using obscene language
- Harassing, insulting or attacking others
- Damaging computers, computer systems or computer networks

- Violating copyright laws
- Using another's password
- Trespassing in another's folders, work or files
- Intentionally wasting limited resources
- Employing the network for commercial purposes

Violations may result in a loss of access as well as other disciplinary or legal action. Students will be held responsible for any physical damage caused to the machines or associated equipment.

**PUBLICATIONS:**

As a part of this computer network, Sidney ISD will publish school web pages. Classroom projects, organizations, UIL or sports events may be reported on within this framework. Photos or first names may be included of student involvement. Parents may choose not to have photos of their children or names published (**contact school personnel to request exclusion**).

## Glossary

**Accelerated instruction** is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level and/or as a result of a student not meeting the passing standard on a state-mandated assessment.

**ACT** refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

**ARD** is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

**Attendance review committee** is sometimes responsible for reviewing a student's absences when the student's attendance drops below 90 percent of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit lost because of absences.

**DAEP** stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

**EOC assessments** are end-of-course tests, which are state-mandated, and are part of the STAAR program. Successful performance on EOC assessments will be required for graduation beginning with students in grade 9 during the 2011–2012 school year. These exams will be given in English I, English II, English III, Algebra I, Geometry, Algebra II, Biology, Chemistry, Physics, World Geography, World History, and United States History.

**FERPA** refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 or older directs the school not to release directory information.

**IEP** is the written record of the individualized education program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; accommodations for state or districtwide tests; whether successful completion of state-mandated assessments is required for graduation, etc.

**ISS** refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

**LAT** stands for linguistically accommodated testing, which is an assessment process for recent immigrant English language learners who are required to be assessed in certain grades and subjects under the NCLB Act.

**NCLB Act** is the federal No Child Left Behind Act of 2001.

**PGP** stands for Personal Graduation Plan , which is recommended for all students entering grade 9 and is required by state law for any student in middle school or higher who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

**SAT** refers to one of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

**SHAC** stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to assist the district in ensuring that local community values and health issues are reflected in the district's health education instruction.

**Section 504** is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

**STAAR** is the State of Texas Assessments of Academic Readiness, the state's system of standardized academic achievement assessments, effective beginning with certain students for the 2011–2012 school year.

**STAAR Alternate** is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student's ARD committee.

**STAAR Modified** is an alternative state-mandated assessment based on modified achievement standards that is administered to eligible students receiving special education services, as determined by the student's ARD committee.

**STAAR Linguistically Accommodated (STAAR L)** is an alternative state-mandated assessment with linguistic accommodations designed for certain recent immigrant English language learners.

**State-mandated assessments** are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the grade 11 exit-level test or end-of-course assessments, when applicable, is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.

**Student Code of Conduct** is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from the classroom or campus. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's violation of one of its provisions.

**TAKS** is the Texas Assessment of Knowledge and Skills, the state's standardized achievement test currently given to students in certain subjects in grades 10 and 11 and is required for graduation for students at these grade levels. .

**TELPAS** stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English language learners make in learning the English language, and is administered for those who meet the participation requirements in kindergarten–grade 12.
